

# Treatment Foster Care

## Service Population

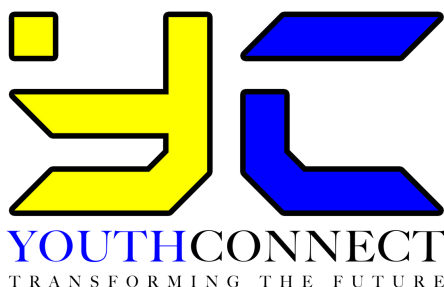

Youth age 0-17 years of age where the court places children in custody of the local that are in need of a supportive and nurturing foster home to meet their needs.

## Focus Points

Our TFC Program includes:

- Screening of foster parents
- Pairing foster children with foster families
- Coordinate placement for children and families
- Implement and monitor Individualized Service Plans (ISP)
- Supervise placement of foster children with home visits as required by their level
- Coordinate services and supports needed for the foster child through mental health, psychiatric, educational, medical, or dental needs
- Support foster families

For additional information about this program or to make a referral, please contact our team and we would be happy to assist you.

## Program Description

Youth Connect is a Licensed Child Placing Agency (LCPA) overseen by the Virginia Department of Social Services (VDSS) who can accept children across the state of Virginia into its TFC program.

Children in TFC placements receive care developed specific to each child's unique needs, including the child's history, mental health and behavioral symptoms and needs, cognitive ability, education needs, and family of origin dynamics and needs. The overall goal is to help them grow into health, productive members of society and to provide support and interventions focused on establishing permanency for the child.

The goal of Youth Connect's TFC program is to match and place children with foster parents who can provide a secure and nurturing environment where the child can progress socially, physically, and psychologically.

Youth Connect offers four levels of care for monitoring foster children to include: assessment level, non-treatment level, level 1, level 2, and level 3. Based upon the level deemed necessary for a child recommended by the TFC and agreed upon by the local DSS and FAPT, varying levels of support and face-to-face visits will occur with the foster child and foster parent to support their needs.

Youth Connect provides 24/7 support to foster families and foster children on an ongoing basis to help support a child or family's needs.
